

Please do not allow the removal of national and regional FM stations such as K-LOVE. These days it is hard to find good family radio. This station is not just music, it serves as a powerful life changing opportunity for those who have not yet heard the word of God.

The messages and music on K-LOVE offer hope and truth, unlike 90% of the current stations filling the AM/FM air waves.

Please consider alternatives to Low Power FM stations taking priority over national and regional broadcasts like K-LOVE.

Please keep some decency available to those who believe in a better America.

God Bless,
Brent M. Nasca
